

Pseudo code for showing the list of todo items:

```
BEGIN
  IF numbers of tasks > 0
    FOR each task in tasks
      IF task.type = PlainTask
        Render task.title
        Render task.message
        Render delete button
        Render update button
      IF task.type = ShoppingTask
        Render task.title
        FOR each item in shopping items
          Render item
        ENDFOR
        Render delete button
        Render update button
      ENDFOR
    ELSE
      Render "No todo tasks added yet"
    ENDIF
  END
```
